Class:	4
SLC80 Value	22-25
Packing:	100 per carton

Hearing protector Class 4 tested to AS/NZS 1270:2002. When selected, used and maintained as specified in AS/NZS 1269.3:2005, this protector may be used in noise up to 105 dB(A) assuming an 85 dB (A) criterion. A lower criterion may require a higher protector class. Improper fit of this device will reduce its effectiveness in attenuating noise. Consult the fitting instructions illustrated on the packaging.

Approvals

Manufacturing Specifications

Manufactured in conditions assessed and certified as meeting the requirements of ISO9001:2008
