## Smart-San D2 Surface Sanitiser

### Ready to use, No Rinse

A rapid kill, non-rinse, highly evaporative surface sanitiser spray approved for direct food contact surfaces and other surfaces. Ideal in dry or water sensitive areas. Smart-San D2 is a combination of isopropyl alcohol and a powerful quaternary ammonium, designed to work where other sanitisers cannot.

**Formula** – A combination of isopropyl alcohol and powerful quaternary ammonium compound that kills 99.999% of 15 tested pathogens. Very Effective against Bio-films, Fats and Oils.

**Moisturising** – NA

**Delivery** – Using the provided Trigger spray atomised liquid formulation enables it to be evenly spread on the surfaces, with a 60second dwell time.

Feature	Description
Biodegradability (Formula)	This product will evaporate, therefore not able to be tested for biodegradability
Alcohol Content	Isopropyl Alcohol 58.6% w/w (66.1% v/v) Quaternary Ammonium Compound 0.015% v/v
Description	A solution dispensed as a spray.
Recycle Material (Bottle)	HDPE (High density polyethylene) 
Approval	EPA Regulatory Standard (CFR 178.1010) NSF Registered
Dangerous Goods	UN1219, Class 3, Packaging group 2
Quality Assurance	Manufacturing facility quality assurance includes ISO9001:2000, TGA certified and HACCP.
Colour	Clear
Fragrance	Fragrance Free

## Technical Information

**Ingredients** – Isopropyl Alcohol, Water, Glycerol, Quaternary Ammonium Compounds.

**Active Ingredient** – Isopropyl Alcohol, Octyl Decyl Dimethyl Ammonium Chloride, Didecyl Dimethyl Ammonium Chloride, Dioctyl Dimethyl Ammonium Chloride

**Shelf Life** – This product has a 2 year shelf life from date of manufacturing

**Caution** - When using this product do not use in or near the eyes. In case of eye contact, immediately flush with water. If irritations and redness develop, wash affected areas and discontinue use. If symptoms persist for more than 72hours consult a doctor. Do not use on inflamed or broken skin.
